postcard arrived Sunday
Capt. Bob Peterson of
Forest subdivision, who with
Peterson is making an
annual visit in San Antonio,
an announcement called
to curl the hair of
local fishermen.

Mailed this from Nueva
Luz, Mexico:
Feeling better.
Mildly about 20 per
cent. Going to Padre next
week for some fishing.—
BQ

It is South Padre, opposite
Brownville, Texas (the island
runs for several hundred miles
south from Corpus Christi, I envy
it), supposed to have the
best of Key West, Fla.—
This year it's certainly
warmer than Florida, which has
had several disastrous freezes
beginning last November, one of
them hitting Miami, but not Key
West, 150 miles farther south.

Florida and California both
lost their vegetable crops this
winter, but the Rio Grande
Valley escaped, meaning that
South Padre is enjoying the
balmy weather its promoters
always claimed for it. Some day
I mean to find out for myself.

Of all things! The Arkansas
Gazette and the Hope Star finally
agree on something.

Sunday the Gazette wrote an
editorial titled "Ten Who Stand
Against Progress" in which it
expressed outrage over a group
of state senators who opposed
Gov. Bumpers' proposed 15-
million-dollar hike in the income
tax and then introduced their
own bill calling for half-cent
increase in the state sales tax,
raising the state levy to 3 1/2
percent.

At this point the Gazette said:
"Tax the people who are
least able to pay! This is
the spirit of those who
would turn to the sales tax
as the first order of
business rather than the
last."

That's what The Star has been
saying for many years. The
Gazette has switched, formerly
plugging a higher sales tax.

But so has The Star switched.
For years we opposed any in-
crease in the state income tax
because it seemed to us the
federal government had pre-
empted this type of taxation.
Now we back Gov. Bumpers' proposed income tax hike.

But a wise man said years ago:
You charge me with in-
consistency—but events have
been inconsistent, too."

The reversal of our position on
the state income tax is due en-
tirely to the fact that we don't
seem to be getting anywhere in
our 40-year fight for reform of
Arkansas' wretched voluntary
property assessment system.
And, if we're not going to get
assessment reform then we'll
have to look to higher income
taxes to make property in-
terests bear their fair share of
the cost of public education.

Columbia Project to Be Probed

MAGNOLIA, Ark. (AP) — A
newly created committee will
investigate the effects of the
proposed Dorcheat Bayou Pro-
ject on the environment in Co-
lumbia County.

E. Mack Anderson, president
of the Magnolia-Columbia Coun-
ty Chamber of Commerce, said
that an attempt will be made
to inform the public of the ben-
efits of the project, as well as
any adverse effects it may
have. He is a member of the
committee.

Col. Herbert Haar Jr., head
of the U.S. Army Corps of En-
gineers in the New Orleans Dis-
trict, called for the student. He
said further consideration
should be given the project to
determine the benefits of the
project in light of new guide-
lines established by the Water
Resources Council.

6 Policemen Killed in Four Cities

By THE ASSOCIATED PRESS
Six policemen in four cities
were shot and killed in incidents
over the weekend. The police
commissioner of Philadelphia
blamed citizens who he said
"are promoting anarchy" for
the two killings there.

The other deaths included a
marshal and state trooper killed
during a shootout with two men
in St. John, Ind., and an officer
shot dead in a gunfight in
Greenville, S.C.

A policeman was killed in Sil-
ver Springs, Md., when a fellow
officer's gun discharged during
a struggle with a kidnap sus-
pect.

Philadelphia Police Commis-
sioner Joseph F. O'Neill made
his charge at a Sunday night
news conference during which
he identified two teen-agers who
were arrested in one slaying.

He said Anthony Hogan, 15,
and Marvin Bullock, 18, both of
Philadelphia were charged with
murder in the Saturday night
killing of patrolman John Mc-
Entee who was felled by two
shots in the back of the neck.

McEntee, 25, was slain as he
sat in his patrol car writing a
report. Five hours later patrol-
man Joseph Kelly, 45, was
found dead in his patrol car. He
had been shot twice with his
own gun.

The McEntee killing occurred
in North Philadelphia. Kelly
was slain about five miles west
in a sparsely populated part of
the Roxborough section.

"Surely the sight of people de-
liberately attempting to polarize
opposition to our police force,
and especially some people who
call themselves community
leaders must assume part of the
blame for these killings,"
O'Neill said. "Directly or in-
directly these citizens are promot-
ing anarchy and a complete
disregard for the law."

He said he was referring to
protests by citizen groups that
demonstrated in front of City
Hall over an incident in which
two policemen shot and critical-
ly wounded a man neighbors
said is mentally retarded.

In St. John, Ind., Marshal
James Larimer, 60, and Trooper
John Streu, 25, were killed Sat-
urday in a shootout with two
men found sleeping in a parked
car behind a school building.

Police said Streu was shot in
the back with a small caliber
pistol and Larimer killed with
Streu's service revolver.

Lonnie D. Williams, 23, an
escapee from the Indiana State
Farm at Putnamville, and John
R. Lee, 17, of Greenville, Ky.,
were charged in an affidavit
with murder. Lee was wounded
in the shooting.

In Greenville, S.C., officers

Unions Reportedly Will 'Obey Law' If Wages and Prices Are Frozen

By NEIL GILBRIDE

MIAMI BEACH, Fla. (AP) —
secretary of Labor J. D. Hodg-
son reportedly will relay to
President Nixon today an oral
understanding from AFL-CIO
building trades unions that "we
will obey the law" if the White
House imposes a construction
industry wage-price freeze.

Reliable government and la-
bor sources had indicated ear-
lier that Nixon would ponder
imposing a temporary freeze on
sharply climbing construction
costs and create a national sta-
bilization board to review and
limit price and pay hikes in the
industry.

"I'm convinced that's what he
is going to do," said one insider,
although other sources cau-
tioned that the proposed White
House course was still subject
to change.

Both sides who participated in
a closed three-hour govern-
ment-union meeting here Satur-
day continued to observe an
agreement not to comment until

Strong North Vietnam Attacks Stall Drives in Laos by Vietnamese

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — More heavy
North Vietnamese attacks
stalled the South Vietnamese
drive into Laos today for the
fifth successive day. Lead ele-
ments of Saigon's 16,000-man
force were still only 17 1/2 miles
from the border they crossed
two weeks ago.

Military sources said the cam-
paign also had not achieved its
objective, to cut the flow of en-
emy supplies down the Ho Chi
Minh trail. Instead, these

sources said, the North Viet-
namese had doubled the truck
traffic, from 1,000 to about 2,000
"movers" per day, and diverted
them to the west to routes be-
yond the South Vietnamese ad-
vance.

"The enemy conducted at
least 10 indirect fire attacks
with rockets and mortar rounds
against South Vietnamese fire
bases and field positions in the
southern panhandle of Laos Sun-
day, causing light over-all cas-
ualties," a South Vietnamese
communique said.

A spokesman said they were
the heaviest enemy attacks
since Saigon's troops moved
into Laos Feb. 8. He would not
disclose specific casualties, but
"light over-all casualties" indi-
cated some units may have suf-
fered moderate or heavy losses.

Panel Told General Got \$1,000 Month

By LAWRENCE L. KNUTSON
Associated Press Writer

WASHINGTON (AP) — An
Army general received \$1,000
monthly from Vietnam's most
notorious sales promoter,
shielded him from military in-
vestigators and permitted him
to store smuggled goods in
Army warehouses, a U.S. Sen-
ate panel was told today.

Senators probing alleged cor-
ruption in the armed services' \$6
billion post exchange, clubs
and recreation activities were
told former Brig. Gen. Earl F.
Cole, 51, used his influence as a
well-placed staff officer in Viet-
nam to protect free-wheeling en-
trepreneur William J. Crum.

The Army gave no explana-
tion last July when it removed
Cole from command of the Eu-
ropean Post Exchange system,
reduced him to colonel, and or-
dered him to retire.

In his testimony, Jack Bybee,
former general manager for two
of Crum's most lucrative Viet-
nam business enterprises, said
Crum sent his military contacts,
including Cole, to Hong Kong to
pick up kickback money from a
local financial institution.

Testifying under oath, Bybee
said Crum illegally used official
and counterfeit military pur-
chase orders to smuggle mer-
chandise into Vietnam duty free
and used shredding machines to
destroy documents.

Bybee said Crum made good
use of Cole, a long-time friend,
in his booming business enter-
prises. He said Crum employed
Cole once to drive a slot-ma-
chine competitor from business
through a raid Crum boasted he
paid for.

When a gift-shop concession
held by Crum was doing poorly,
Cole arranged for a local Army
noncommissioned officers club
to buy its assets at retail prices,
a \$120,000 deal that included a
\$12,000 kickback to the sergeant
in charge of the clubs, Bybee
said.

Hodgson reportedly asked, but
didn't get, a commitment from
leaders of the 17 AFL-CIO con-
struction unions that they would
agree to accept Nixon's appoint-
ment of labor members from
their group to a public-labor-in-
dustry stabilization board if he
imposes a freeze. And they re-
peated their refusal to join any
voluntary plan to restrain wage
demands of the 3.5 million work-
ers they represent. The indus-
try's wages climbed more than
18 percent last year.

When union participants in
Saturday's meeting said they
would obey the law, but not give
advance commitment to serve
on a stabilization board, Hodg-
son said: "That's not good
enough."

But it was clear to both sides
that the unions would accept ap-
pointment of labor representa-
tives to a stabilization board if
it is empaneled under federal

Asks More Aid to College Students

By C. G. THELEN Jr.
Associated Press Writer

WASHINGTON (AP) — Presi-
dent Nixon asked Congress
again today to revamp federal
aid programs for college stu-
dents to help an additional one
million young people.

The President's call came in a
message to Congress that re-
peated his reform proposals of
last year.

"The program which I am
again submitting this year
would benefit approximately
one million more students that
are currently receiving aid,"
Nixon said.

"It would assure that federal
funds go first, and in the largest
amounts, to the neediest stu-
dents in order to place them on
an equal footing with students
from higher-income families,"
he said.

The Presidents in order to
place them on an equal footing
with students from higher-
income families," he said.

The President's proposals to
shift major responsibility for
student aid from the govern-
ment to private lending institu-
tions met opposition in Congress
last year and were not passed.

Critics charged the plan would
actually decrease the amount of
money available to middle class
students.

The President also again pro-
posed a \$100 million National
Foundation for Higher Educa-
tion within the Office of Educa-
tion to stimulate college innova-
tions such as flexible curricula
and televised instruction outside
the classroom.

The President did not mention
the growing financial plight of
the nation's colleges and univer-
sities and offered no additional
aid to meet institutional needs.

2 Exonerated in Hearing Aid Case

LITTLE ROCK (AP) — The
state Board of Hearing Aid Dis-
pensers voted Saturday to ex-
onerate its director, W. Ben Wof-
ford, of unethical conduct.

Dr. Rueben Setliff III of El
Dorado, a recent appointee of
Gov. Dale Bumpers, had
charged Wofford with unethical
conduct in the treatment of G.
L. Little of Union County.

Setliff said Little came to him
wearing a hearing aid that had
been fitted by Wofford. Setliff
said the hearing aid was inade-
quate to correct Little's hearing
loss.

Setliff said he performed sur-
gery on Little and loaned him
a hearing aid until the matter
with Wofford could be brought
before the board.

Setliff said he received a call
from Wofford who offered to
pay Little's expenses if the
matter were not brought up be-
fore the board. Setliff said he
declined.

The board also voted not to
suspend the dealer's license of
Jack Crenshaw of Texarkana,
who has been charged in Co-
lumbia County with selling a
hearing aid under an illegal
contract, which did not have his
signature or dealer's license as
required by law.

Crenshaw conceded that the
contract for the hearing aids
contained a provision for an in-
terest rate of almost 11 per-
cent. The state Constitution pro-
hibits interest rates about 10
percent.

Nixon Dinner Sentimental

WASHINGTON (AP) — Presi-
dent and Mrs. Nixon took their
two daughters out for a senti-
mental dinner at the suburban
Columbia Country Club Sunday
night to celebrate Tricia Nixon's
25th birthday.

The family frequented the
club in Chevy Chase, Md., in
the years when Nixon was in Con-
gress and vice president.

The presidential party Sunday
night sat in the regular dining-
room, where about 30 other peo-
ple were on hand for early eve-
ning dinner.

Winter weather has returned
to Arkansas.

One to two inches of snow
was forecast for the northern
sections of the state today with
snow flurries in the southwest
and central sections.

All precipitation is expected
to end in the state tonight fol-
lowed by clearing skies and
much lower temperatures.

Lows tonight are expected in
the low 20s north to low 30s
south. Highs Tuesday should be
in the 40s to low 50s. Highs to-
day were forecast in the low
30s northwest to mid 40s south-
east.

A major winter storm that
moved across the south-central
section of the country Sunday
lashed Arkansas with severe
thunderstorms and at least two
tornadoes.

The National Weather Service
at Little Rock said tornadoes
touched down at McGehee and
at Colt near Wynne in St. Fran-
cisco County. The storms dam-
aged several houses, uprooted
trees and temporarily knocked
out power. No injury was re-
ported.

Funnel clouds were either
sighted or indicated by radar at
Wynne, Marked Tree and in the
Memphis-West Memphis area.
The storms were caused by a
deep low pressure center and
associated cold front that
moved across Arkansas Sunday
and early today.

Overnight lows included Fay-
etteville 26, Harrison 28, Jones-
boro 37, Pine Bluff 33,
Texarkana 30, El Dorado 29,
Memphis 38, Little Rock 34 and

Closer Look at Warning System

By JAY PERKINS
Associated Press Writer

WASHINGTON (AP) — With the White House demanding an explanation of a weekend foul-up, the Defense Department and the Federal Communications Commission both say they will take a closer look at the way the government warns the nation against nuclear attacks.

The announcements Sunday came only hours before the emergency broadcast warning system malfunctioned for the second day in a row.

The system, directed by the North American Air Defense Command—NORAD—inside Cheyenne Mountain near Colorado Springs, Colo., first failed Saturday when a technician inserted the wrong tape into the broadcast wires of The Associated Press and United Press International.

The tape normally sent would have notified broadcasters NORAD was testing the system. Instead, it said the President had directed a notification of emergency action, that all normal broadcasting was to stop immediately, and that broadcasters were to transmit the warning.

The system failed again Sunday when NORAD was unable to take over control of The Associated Press teletype wires because of a technical failure. The test was transmitted as usual over the UPI circuit.

A subsequent test over the AP lines Sunday night worked. Technicians from NORAD, the telephone company and the AP said the cause of the earlier failure was unknown.

An investigation into Saturday's false alert was requested by the White House. A spokesman said Sunday "those responsible at NORAD will see that it does not happen again."

Saturday's erroneous alert remained in effect 18 minutes although many stations did not shut down. Some stations did not see the teletype message and others doubted its authenticity, an AP poll showed.

Defense Secretary Melvin R. Laird said he has asked for a report on the false alert and FCC Commissioner Robert Wells said the FCC and the National Industrial Advisory Committee of broadcasters and wire services will evaluate industry response to the error.

The fact the false alert did not create more alarm than it did suggests the system was not functioning as it is supposed to. Louis I. Smoyer, civilian in charge of the Civil Defense National Emergency Warning Center in Cheyenne Mountain, said Sunday new procedures have been instituted to prevent any recurrence of the false alarm.

He said in the past three tapes one for the test and two calling for emergency measures—were hanging on three labeled hooks above the transmitter.

In the future, Smoyer said, only the test tape will be left near the transmitter. The two emergency tapes are to be placed in sealed and clearly marked envelopes inside a nearby file cabinet.

"We still have to have the tapes available for use in an emergency," he said, "but we've got to be sure the man working under stress or strain can't reach for the wrong tape."

"Now, with the filing cabinet, the man has to pull open a door and reach in and identify what's in the envelope before transmitting anything," he said. "It might take him 20 or 30 seconds longer but he must know he is reaching for them (emergency tapes)."

Watson Chapel Must File Plan Wed.

PINE BLUFF, Ark. (AP) — U.S. District Judge Oren E. Harris has given Watson Chapel school officials until Wednesday to file a plan for re-instating bus service in the district.

Harris said Friday that transportation for eligible pupils at Sulphur Springs should begin immediately and that transportation for all eligible pupils must start no later than March 1.

He said the bus service should be offered "on a basis which will insure the transportation of all eligible pupils on a non-segregation and otherwise

12 Persons Meet Death on Highways

By THE ASSOCIATED PRESS
Twelve persons were killed in traffic accidents in Arkansas during the 54-hour weekend period that ended Sunday at midnight.

The death toll rose sharply Saturday night when four persons were killed in a fiery two-car crash at the junction of Arkansas highways 218 and 147 near Marion (Crittenden County).

State Police identified the victims as Mrs. Syreathia Buckingham, about 45, of South Bend, Ind.; Mrs. Monette Stacks, 24, of West Memphis and Mrs. Stacks' two children, 4-year-old Dennis and 22-month-old Deedie.

The accident occurred, police said, when a car driven by Mrs. Buckingham failed to stop at a stop sign and collided with the Stacks car. The vehicles burst into flames after the collision.

The other victims were: —P. G. Powers, 76, of Perryville, who was killed Sunday in a two-car accident on Arkansas 10 west of Little Rock.

—Lillie Ida Boyette, 91, of Perryville, also killed in the accident west of Little Rock.

—Helmuth F. Piepenbrock, 54, of Lake Bluff, Ill., was killed in a two-car accident on Arkansas 14 near Oil Trough Friday night.

—Gerald F. Piepenbrock, 27, also of Lake Bluff, Ill., also killed in the accident Friday night near Oil Trough.

—Mrs. Rena Wilson, 52, of Magnolia, was killed Friday night when the car in which she was riding was struck by another car inside the Magnolia city limits.

—Audrey Swelling, 57, of near Pine Bluff, was killed Saturday morning in a one-car accident on Arkansas 270 near Sheridan.

—Linda Kay Conley, 21, of near Redfield, was killed in a two-vehicle accident on U.S. 65 near Redfield Saturday.

—Leslie Ashley, 33, of near Blytheville, was killed Saturday when he fell from a tractor on a county road near Blytheville.

Disney Resort Case to Go Before Court

WASHINGTON (AP) — The Sierra Club was granted a hearing today by the Supreme Court of its attempt to block construction of a \$35 million Walt Disney ski resort on public land in California's Sierra Nevada Mountains.

The club's conservationists contend the project would cause irreparable harm to the area and that the secretaries of agriculture and interior exceeded their authority in authorizing it.

The project has been blocked since July 23, 1969, by a preliminary injunction granted by U.S. District Judge William T. Swelgart of San Francisco. The injunction was overturned unanimously by the U.S. Circuit Court in San Francisco, although it remains in effect until the Supreme Court rules.

The Sierra Club challenges plans by Disney Productions Inc. to build a resort village in the Mineral King Valley, an old gold and silver mining area surrounded on three sides by Sequoia National Park and actually part of the Sequoia Game Refuge.

Plans call for hotels and lodges for 3,000 overnight guests, 10 restaurants, a chapel, theater, general store, hospital, sewage disposal treatment plant and a five-story parking garage.

Also envisioned are power plants, swimming and ice skating facilities, 20 ski lifts, a cog railroad and ski runs bulldozed and blasted out of the mountains. A major highway is to be built across part of Sequoia Park.

The court will not hear the case until next fall and a decision before 1972 is highly unlikely.

Airport and Patton Are Top Movies

By BOB THOMAS
Associated Press Writer
HOLLYWOOD (AP) — "Airport" and "Patton" scored top honors in the 43rd Motion Picture Academy nominations today with 10 apiece.

"Love Story" placed third with seven, followed by "M-A-S-H" and "Tora! Tora! Tora!" with five each.

The accent was on youth in nominations for best actress; all were newcomers: Jane Alexander, "The Great White Hope"; Glenda Jackson "Women in Love"; Ali McGraw, "Love Story"; Sarah Miles, "Ryan's Daughter" and Carrie Snodgrass, "Diary of a Mad Housewife."

Melvyn Douglas, winner for best supporting actor in 1963 in "Hud," vied with four younger actors for best actor.

Douglas was nominated for "I Never Sang for My Father." The others: James Earl Jones, "The Great White Hope"; Jack Nicholson, "Five Easy Pieces"; Ryan O'Neal, "Love Story"; and George C. Scott, "Patton."

law, the source said. Hodgson said last week that Nixon has the power under the Defense Production Act to take such action without further authority from Congress. That law expires March 31 and Hodgson has indicated Nixon wants action before then.

The union leaders reportedly refused to give Hodgson the advance assurance he wanted because they want to see what form a wage-price freeze and stabilization board would take.

This apparently added to the uncertainty over what Nixon would do after receiving Hodgson's report, and led some sources to caution the White House might decide on a different plan.

The U.S. Constitution places all patent control in the hands of Congress. No state may pass a patent law.

Medical Insurance

By KEN HARGIS

Question: I did not apply for Medical Insurance when I was 65 but intend to do so in next general enrollment period. What is the next open period to enroll and when would my coverage be effective?

Answer: The current general enrollment period is January 1, 1971 through March 31, 1971. If you enroll during this period, your Medical Insurance will become effective July 1, 1971.

Question: I am 70 years old. I did not sign up for Medicare when I was 65 because I was still working. Can I sign up for it now?

Answer: You should apply for Hospital Insurance immediately. However, you will not be eligible to sign up for Medical Insurance since you have already missed the three enrollment periods provided by law.

Question: I recently filed a claim for disability benefits but my claim was denied. What else can I do to try to prove my eligibility?

Answer: Since you do not agree with the determination on your claim, you may file a request to have your claim reconsidered. You must file such a request within 6 months from the date of the letter notifying you of the disallowance.

Question: I am a working mother and would like to know whether my children under age 18 would receive benefits on my record in the event of my death or disability?

Answer: Children now receive the same protection on their mother's record as on that of the father. In the event of your death or disability the children would be eligible for benefits if you had worked the required length of time in employment covered by social security.

Question: What is the most amount of work a person would need to be eligible for social security?

Answer: Anyone who has at least 40 quarters (10 years) of work under social security is fully insured and would be protected in the event of retirement or death.

Bob Thomas at the Movies

By BOB THOMAS
Associated Press Writer
HOLLYWOOD (AP) — The film industry's 43rd Oscar Derby reaches the semifinals today with scheduled announcement of nominees for awards of the Academy of Motion Picture Arts and Sciences.

Advance indications pointed to a contest of love and war.

Two hard-bitten treatments of the war theme, "M-A-S-H" and "Patton," seemed certain to figure among the important awards. So did a couple of romances, "Love Story" and "Ryan's Daughter," which proved immensely popular with audiences, if not critics.

Another strong contender was "Five Easy Pieces," a tale of present-day alienation starring Jack Nicholson.

Those five films were nominated for best direction in the annual awards of the Directors Guild of America, which are generally a good bellwether for the Oscars.

The final awards will be announced April 15 in the annual Oscar extravaganza, held at the Los Angeles Music Center for the third straight year. The nominations receive a less sumptuous production, but there was to be a touch of glamor.

Past winners John Wayne, Shirley Jones, Anthony Quinn and Ruth Gordon were to appear at the Academy's headquarters in West Hollywood to read off the nominations for the new media.

HELEN HELP US!

by Helen Bottel

TOO MUCH OBSERVANCE IS A DANGEROUS THING
Dear Helen:

I may be fired because I know too much.

For seven years, I had been rated "outstanding" in my job, and have had several promotions.

Then a new supervisor came to our division about a year ago. One day I came back to the office after lunch and found him loading his briefcase with expensive supplies. I pretended I had seen nothing, but several times I've noticed things missing -- and some juggling on the inventory lists. Can't prove anything, especially now, as he has beat me to the punch.

My performance report (made by this supervisor) has dropped so low I may be laid off. He loads me with work, more than any man can handle, then grades me down. He's a smooth talker and the boss figures he can do no wrong. What chance would I have, telling what I suspect? You know whom he'd believe.

I have a family, Helen. I can't afford to lose my job, especially with a black mark against me. What can I do? — EXPENDABLE
Dear E.:

Don't underrate yourself -- or your big boss's intelligence. With your 7-year "outstanding" record and just a little proof (those inventory lists, for example) surely you can convince him who is saving whose neck by putting the other's in a sling. Speak up!

had been in a lull since the deadline for nominations a week ago, now begins in earnest. A question mark in this year's race is George C. Scott.

His portrayal of Gen. George Patton was certain to be nominated for best actor. But all of the 2,986 Academy voters are aware that Scott once tried to decline his nomination for best supporting actor in "The Hustler."

Now he has been quoted from a location in Spain that he still thinks the Academy awards are bunk and he would refuse an Oscar if he won it.

—H.

Two months after Christmas! I have finally read those mimeographed, long holiday newsletters. As you suggested last year, I put them aside until draggy February, and was surprised at how interesting they were -- and how eager I was to answer them. Thanks for the tip. Now -- another vital question: We frugal housewives freeze the leftover turkey that the family "can't stand another day." But my family still can't stand it two months later and neither can I. Turkey hash is still turkey hash, and to hell with it; if I weren't so frugal, I'd toss it.

Can anything be done to make turkey pickings palatable? — NOT THAT KEEN ON FOWL LEFTOVERS

Dear NTKOFL:

After some 30 years of resenting turkey leftovers, I finally came up with what even my family terms a winner: Turkey Stroganoff. Which means -- mix fried chopped onions and celery with chopped turkey and a little broth (from boiling the bones); then add a can of undiluted mushroom soup and about three-fourths pint of imitation sour cream. Serve over boiled noodles. Proportions? Who measures? Maybe two large onions, three or four stalks of celery and about three cups of turkey -- or whatever suits your fancy. —H.

Now back to the man-woman thing:
Dear Helen:

Regarding your answer to the woman whose husband is a part time policeman. You seemed to imply that it is usually the husband's fault when dames "chase" him so hard he falls. Maybe you're right about "falling," but I've got news for you: My husband was in police work for ten years and even in my presence girls would go after him. He'd get phone calls at home; and the notes they'd send! It's a strong man who can resist all that temptation. —STILL HAPPILY MARRIED
Dear Still Happily Married:
Your signature says he did! —H.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — "Bonanza," NBC's long-playing family Western, is hardly a crusading series but it came up Sunday night with an effective drama with the theme of bigotry.

The hour belonged to Dean Jagger, not the regular stars of the series. He played a retired general, a Civil War hero returning to Nevada to settle down. Just as his town was to be re-named in the general's honor, he was involved in shooting an Indian he claimed was stealing his horses.

The general was such an up-standing character that even Ben Cartwright was urging him to run for governor. At that point, however, it began to be revealed that the man's character was flawed by a psychopathic hatred of Indians. "We should have killed them all," he finally exploded as Ben looked shocked.

Of course, he finally got his come-uppance—an Indian spear in the back—but it was a good action story and made some points rather neatly.

The series, rolling along smoothly for more than a decade, usually has pretty good scripts and there is an interesting mix of characters. It was notable this week, too, that Lorne Greene was almost incidental to the story, Michael Landon played a bit part and Dan Blocker, the third star, was included only in a scene or two.

"Hogan's heroes" on CBS and "The Bill Cosby Show" on NBC are two half-hour comedy programs which seem likely to disappear at the end of this season. The five-year-old comedy series about hi-jinx in a World War II German prisoner of war camp has pretty well milked the situation of its humorous potential. Bob Crane and his merry crew each week evolve some new way to make bigger boos of their German captors than they—Werner Klemperer as a vain colonel and John Banner as a nervous sergeant—make of themselves.

In its early Sunday evening spot, the series has a large children's audience although its toughest competition, "The Wonderful World of Disney" attracts the same age group.

"The Bill Cosby Show, after only two seasons, will be more of a loss. It has had difficult sledding in a position opposite the second half of ABC's popu-

lar "FBI" and CBS's "Ed Sullivan Show." The half hour usually relies on a sly, understated humor and has a sort of spontaneous quality.

This week's Disney show—a rerun—was actually a 1962 movie called "Moon Pilot," and showed its age by its theme—sending an astronaut around the moon—and by sequences showing a movie-maker's idea of the recovery of a space ship. Since then, the public has seen the real thing—and it's better.

Priests Want to Get Married

DETROIT (AP) — Fifty-five per cent of the laymen and 68 per cent of the priests questioned in a special survey by the Roman Catholic Archdiocese of Detroit said they would permit priests to marry if they wished.

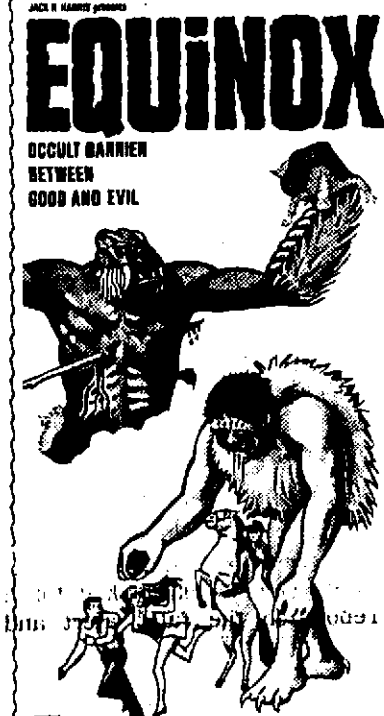

John Cardinal Dearden, archbishop of Detroit, announced the first results of the survey, of about 3,000 persons. Future reports will deal with Catholic attitudes on such subjects as abortion, divorce and birth control.

In a recession people will stop buying a second car or a new television set but they will continue to buy books.

Hope Loses a Pair to Fairview

By BILL MOORE
Star Sports Writer

It appears that the Hope Bobcats are on the downhill slide and something will have to be done by the time district rolls around.

Playing in rough enemy territory, the Bobcats took a 55-47 spilling, at the hands of the Fairview Cardinals, lowering their district slate to 4-4, while the Cards stand at 7-1.

Although falling behind early, the Cats caught up with 3:29 to go on a field goal by Parker Powell. Free throws by David Briggs and two tips by John Dudley accounted for the remaining points as the Cats took a 10-8 lead, entering the second period.

Quick goals by Dudley and Briggs kept the Bobcats in front until Charlie Robertson sank two baskets for the Cardinals, and an 18-16 lead with 2:19 left in the first half.

Only mustering up two more points, on a 15 foot shot by Powell with eight seconds remaining, left Fairview in front at halftime, 24-18.

After intermission, the Bobcats took the tipoff and quickly got four points by Norton, before Fairview retaliated to keep their lead.

Trailing by one point with 4:47 to go in the quarter, the Cats could only connect for five points, while Fairview hit eleven, for a 40-33, lead after three full periods.

Early points by Charles Frazier helped cut the Cardinals lead by four, but Robertson hit three outside shots. Shots by Dudley and Powell brought Hope back to within five, with 4:26 left. Steve Harris and Powell hit the last points for the Bobcats, but it wasn't enough.

Dudley and Powell each had 12 points, followed by Briggs with eight and Norton getting seven.

Earlier, the B-Bruins also went down in defeat against Fairview, by a slim score of 54-49.

Using the shooting of Bill Rowland, Buddy Ingram, and Danny Joyce during the first quarter, the Bruins held a 14-11 lead at the close.

After falling behind, Hope took a 10-9 lead with 41 seconds left after Ingram sunk a 12 footer. Then, Joyce finished the quarter with four points.

Moving into the second stanza, Joyce hit six points, with Danny Boyette and Roger Newton each had two, and with 2:10 left in the half, the B-Bruins held a 24-14 lead.

However, 10 straight Cardinal points knotted the score at 24 all before Newton hit two baskets with less than 30 seconds as the Bruins held a 28-24 halftime stretch.

During the second half the Bruins just couldn't keep up after losing the lead early.

Six straight points by Fairview gave them the lead for good. Hitting a big cold streak, Hope could only get five points, on a basket each by Tim White and Joyce, and a charity shot by Newton. The quarter ended with Hope trailing, 41-33.

During the last quarter, the Bruins fought hard and after Joyce and James Bradley hit baskets with 2:38 left to play, Hope trailed by two, 49-47.

However the Bruins couldn't connect again.

Joyce led Hope with 17 points, while Newton followed with 15, and Rowland and Ingram had five each.

On Tuesday night the Bobcats and B-Bruins travel to Malvern for some district competition, beginning at 6:30 p.m.

O'Brien Is Stunned and Ryun Pleased

By TOM SALADINO
Associated Press Sports Writer

Kerry O'Brien was stunned, Tom Von Ruden was bored and Jim Ryun confided it built his confidence.

These were some of the comments the three stars of the indoor track and field season uttered in shattering word marks over the weekend in two separate meets.

O'Brien completely obliterated the previous two-mile mark with an astounding 8:19.2 clocking, bettering the former record indoors by eight seconds and beating the outdoor best of fellow Australian Ron Clarke by .4 seconds at the San Diego Indoor meet.

About 15 minutes earlier Friday night, on the same 11-lap, high-banked board track at the International Sports Arena, Ryun raced to a blistering 3:56.4 run in the mile, equalling the 7-year-old world standard set by Tom O'Hara as all four men in the field went under the 4-minute mark.

While on the same night in New York, Von Ruden snapped the 1,000-meter record with a 2:20.4 clocking, bettering Great Britain's John Davies' record set earlier this month by .5 seconds.

"Unbelievable! I'm stunned," said O'Brien, the world outdoor 3,000-meter steeplechase record-holder. "This is a fantastic track and the way things were going halfway through, I knew I had a chance."

O'Brien led two others to fantastic times. Former corecord-holders, Kerry Pearce of Australia and George Young of Arizona ran 2-4 with former Yale ace Frank Shorter third in 8:26.2, an American record. Pearce was timed in 8:20.8, Young in 8:34.6.

Ryun, running only for the second time in nearly two years, once again proved that he is one, if not the best, of America's middle distance runners as he was at Kansas.

"If I had run four minutes and was beaten, I wouldn't have been disappointed, but this was a confidence builder," he said.

Ryun, who quit running in June 1969, didn't enter competition again until Jan. 22, when he won the mile in 4:04.4 in San Francisco.

"I came to San Diego to see where I was in my training," Ryun said. "My biggest season is outdoors. If I do well indoors, fine. I'm just aiming for the outdoor season."

At New York's Madison Square Garden, Von Ruden reacquired his world record over the 11-lap banked, elastoturf surface in the U.S. Olympic Invitational meet. He held the previous mark of 2:21.0 set last year until Davies snapped it in England.

Another world record fell in New York when Dave Roman-sky of the Delaware Track Club smashed the 1,500-meter walk mark with a 5:49.8 clocking, bettering his own mark of last year by 4 seconds.

Leon Coleman, a Mattapan, Mass., schoolteacher and Olympian, tied the world standard in the 55-meter hurdles with a 7.1 clocking while Villanova's Marty Liquori won in New York for the 13th successive time.

Liquori, a senior, captured the 1,500 meters in 3:44.2 in his farewell indoor appearance in New York. After graduation, the 21-year-old plans to move to Florida and run outdoors to prepare for the 1972 Olympics.

The New York meet also was highlighted by the appearance of a contingent of nine Russians, making the last stop on their three-meet United States tour.

The Russians gained three victories, a pair of seconds and five third places. The winners were Olympic champion and world record holder Viktor San-ayev in the triple jump, Yevgeny Arzhanov, 800 meters, and Rashid Sharafetdinov, 3,000 meters.

Petraglia Winner in Bowling Meet

WINSTON-SALEM (AP) — A left-handed bowler from Brooklyn, N. Y., 24-year-old Johnny Petraglia, is \$10,000 richer today for having won the Winston-Salem Bowling Classic. Petraglia rolled a 202 game in a rolloff with Larry Lichstein of Windsor Locks, Conn. Lichstein, also a left-hander, bowled a 196 in the showdown.

Final Round Monday in Tucson Open

By BOB GREEN
Associated Press Golf Writer

TUCSON, Ariz. (AP) — Lee Trevino was four strokes off the pace, not playing particularly well—and talking about winning.

"I figure I've got to go eight under par to win it," he said.

And he's got 36 holes to do it today in the weather-plagued \$110,000 Tucson Open golf tournament.

"Putting will do it," said Trevino, winner of the last two Tucson Open titles and the 1970 leading money-winner. I'm going to be playing with some of those guys up on top. Some of them. And if I can make some putts, put some pressure on them, anything can happen.

"But if those guys on top start good, get some putts in the hole, well, nobody is going to catch them. It doesn't matter much where you hit it on this golf course—it's the putting."

Those guys on top going into today's 36-hole windup are J. C. Snead and Dale Douglass, along with DeWitt Weaver.

Snead, a hulking, hard-hitting nephew of Sam Snead, managed only a 71 in Sunday's second round for a 137 and was caught by the lean and lanky Douglass.

Douglass, a 34-year-old former Ryder Cup player attempting to play out of a prolonged slump, grabbed a share of the 36-hole lead when he holed a 40-yard wedge shot for an eagle three on the 11th hole at the 7,305-yard, par 72 Tucson National Golf Club course. He had a 68 in the twice-delayed second round of this event.

Husky Weaver, tied for first with Snead going into the day's play, needed 37 putts en route to a 72 and was alone in third at 138.

Larry Mowry had a 68 for 139 and was followed by a group of five at 140. They included Frank Beard, 68; Bob Lunn, Bobby Greenwood and Steve Spray, all with 70s, and Don Bies, 71.

Trevino headed a large group at 141.

The scheduled first round of this 72-hole tournament was washed out by rain Thursday, a snowstorm canceled play Saturday and the start of Sunday's play was delayed 1 1/2 hours because of frozen greens.

With many of the players faced with getting to Florida for the PGA national championship starting Thursday, sponsors announced that anyone with a first-round score of 75 or higher could withdraw. About a dozen and a half took them up on it, including Julius Boros and Lionel Hebert.

Football's Taxi Squad

The professional Football Taxi Squad originated with the founder of the Cleveland Browns, who, when he had an excess of football players, placed the extra men on the payroll of a taxicab company he also owned. They became known as the Taxi Squad.

WILLIS REED, the National Basketball Association's Most Valuable Player last year, lately has been having his troubles—many of them injury-caused. Here the New York Knick captain has some parting words for referee Darrel Garretson after being ejected from a New York-Buffalo game in the first half.

'Reception' Winner of Spa Feature

HOT SPRINGS, Ark. (AP) — Kind R. Reception, ridden by Emedes Hinojosa, captured his second victory in three outings Saturday as the 6-year-old gelding won the \$20,000 Arkansas Traveler Handicap at Hot Springs.

As third choice in the betting, Kind R. Reception returned \$10.60, \$3.20 and \$2.60. Sado, ridden by Don Brumfield, paid \$2.80 and \$2.60 and English Dancer, with E. D. Keller aboard, returned \$3.00 to show.

Kind R. Reception broke third out of the gate, but was eased back to sixth place going by the quarter pole. However, by the time the horses had reached the head of the stretch, Kind R. Reception had begun to move up on the outside, passing English Dancer at the 16th pole and outrunning Sado in a driving finish.

Jockeys Danny Whited, Lonnie Ray and Dave Niblock all posted winning doubles Saturday. Whited was aboard Sanda Charger in the first and Buckeye in the seventh. Ray was aboard Reno Paul in the third and Lief T. in the fifth. Niblock scored on Ko Sun in the fourth and Breau's-Banjo in the ninth.

The winning daily double of Sanda Charger in the first and Aviso with Bobby Salas aboard in the second (Nos. 1 and 9) returned \$55.60.

Bob Morse, who had 21 points in the victory over Dartmouth, is just one of a cast of many in the Quakers' noncaste system.

Blue Monday for Pistons of Detroit

By THE ASSOCIATED PRESS

It's Blue Monday for the Detroit Pistons ... after a black weekend.

The Pistons are alive today, but not quite well, after blowing three games in less than 48 hours, losing a player to injury and skidding to fourth place in the National Basketball Association's Midwest Division.

Detroit started out the weekend Friday in second place and with forward Terry Dischinger in tact. But the Pistons lost three games, including Sunday's 125-112 walloping by Chicago in which Dischinger suffered a torn kneecap.

Dischinger will have to undergo surgery, tentatively scheduled for Tuesday, and appears to be out for the rest of the season.

The Pistons, however, managed to find a bright spot in an otherwise crushing weekend. Dave Bing scored 54 points Sunday, a club record.

Elsewhere in the NBA, it was Baltimore 121, Atlanta 119; Portland 123, Cleveland 105; Milwaukee 125, Phoenix 97; Seattle 135, Philadelphia 128 and Los Angeles 124, Boston 116.

In the American Basketball Association, Kentucky topped New York 125-121; Virginia beat Carolina 124-119; Utah stopped Denver 120-107 and Indiana walloped the Floridians 121-107.

In Saturday night's NBA results, it was Atlanta 122, Baltimore 115; New York 108, Detroit 94; San Diego 128, Baltimore 118; Milwaukee 104, San Francisco 96; Philadelphia 118, Portland 105 and Cincinnati 120, Buffalo 94.

Chicago, despite Bing's great shooting that eclipsed George Yardley's club mark led virtually all the way over Detroit. The Bulls broke open the game with a 9-3 spurt to take a 108-99 lead with five minutes left. Chet Walker scored 27 points for the Bulls, who jumped into second place in the Midwest with the

victory.

Earl Monroe's 15-foot jump shot with 36 seconds remaining pulled Baltimore over Atlanta in a bitterly-fought struggle. Monroe teamed with Jack Marin in a second-half rally that erased a 21-point Atlanta lead.

Walt Bellamy scored 29 points for Atlanta, which dropped a full game behind idle Cincinnati in a drive for second place and a playoff position in the Central Division.

Geoff Petrie scored 38 points, 26 in the second half, as Portland handed Cleveland its 58th loss in 70 games. Trailing 76-74, the Trailblazers scored 11 straight points and then outscored the Cavs 43-29 in the final period.

Low Alcindor scored 36 points to pace Milwaukee's rout of Phoenix. The Bucks, with four players in double figures, led all the way after the first few minutes.

Dick Van Arsdale led the losers with 21 points and sparked the third-quarter rally with nine points.

Seattle led most of the game, but had to withstand a last quarter rally by Philadelphia's Billy Cunningham, to beat the 76ers. Cunningham pitched in 24 of his game-high 34 points in the second half as Philadelphia almost caught the SuperSonics.

Player-coach Lenny Wilkens paced the winners with 28 points and surpassed the 13,000-point career mark.

Jerry West's 34 points and 25 more from Wilt Chamberlain led hot-shooting Los Angeles over Boston.

The Celtics rolled to a 24-12 lead after seven minutes and the Lakers finally caught up to tie the match at 54 at intermission.

With West and Chamberlain matching shots against the Celtics' Don Chaney and Jo Jo White, the clubs remained knotted at the end of the third quarter, at 92.

But Los Angeles, with their top guns showing the way, outscored Boston 18-9 during the fourth period and never lost the lead.

Jockey Makes Good Where Daddy Failed

By TED MEIER

Associated Press Sports Writer Bobby Woodhouse made good where his daddy failed.

The 21-year-old jockey won the \$149,000 Widener Handicap astride True North at Hialeah Saturday. Hedley, his 51-year-old father, never won the Widener.

The Canadian-born elder Woodhouse, a famed jockey in his own right with more than 2,000 victories since he started riding in 1940, went to the post in 12 Wideners without success.

Bobby brought True North off the rail in the stretch drive to go around the leading Sunny Tim and won by three-quarters of a length in 2:03 4-5 for the 1 1/4 miles under 114 pounds.

It was Bobby's first victory in a 100-grander, although he won \$75,000 Dwyer Handicap at Aqueduct and the \$50,000 Whitney Stakes at Saratoga with Judable in 1970.

The fast closing Twogundan got up to be second by a head over Sunny Tim.

Darryl's Joy \$4.20, top weighted at 128 pounds, beat Cougar II by half a length in the \$65,300 San Luis Obispo Handicap at Santa Anita and Daring Step, \$5, made it five in a row by taking the Conniver Handicap at Bowie.

Figonero \$3.60 scored by a head over Flying in the San Francisco Mile at Golden Gate Fields. Double Delta \$4.60 won the Bayou Handicap at the New Orleans Fair Grounds, Kind R. reception \$10.60 took the Arkansas Travel Handicap at Oaklawn Park and Anner Belle, \$8.60, captured the Marathon Handicap at Lincoln Downs.

Fort Marcy, the 1970 Horse of the Year, is expected to go in the \$100,000 Hialeah Turf Cup, the feature of the national program this coming weekend.

Elsewhere on Saturday there will be the \$75,000 San Antonio Stakes at Santa Anita, the Bowie Handicap at Bowie, the Golden Poppy Handicap at Golden Gate and the Letellier Memorial at the Fair Grounds.

Second Half the Better for Kentucky

By THE ASSOCIATED PRESS

The second half was the better half for Kentucky and a better half for the New York Nets. Kentucky overcame an 11-point deficit behind Cincy Powell and Darrell Carrier in a second-half burst to lead the Colonels to a 125-121 American Basketball Association victory that snapped the Nets' winning streak at five Sunday.

Powell had 18 of his 29 points in the last two quarters and Carrier, 17 of his 24 to rub out the Nets' big advantage. Carrier's two free throws gave Kentucky the lead for good with 33 seconds left in the third stanza.

The Nets climbed to within a point four times behind Rick Barry's hot hand, but never were able to catch the high-flying Colonels. Barry, who only had a point in the first quarter, finished with 39.

Elsewhere in the ABA, Virginia whipped Carolina 124-119, Utah smashed Denver 120-107 and Indians clubbed the Floridians 121-107.

In the National Basketball Association, it was Chicago 125,

Detroit 112; Baltimore 121, Atlanta 119; Portland 123, Cleveland 105; Los Angeles 124, Boston 116; Seattle 135, Philadelphia 128 and Milwaukee 125, Phoenix 97.

In Saturday night's ABA card, New York walloped Texas 120-100 in the only game.

Charlie Scott, despite sitting out the entire second quarter with four fouls, scored 27 points to pace Virginia over Carolina. Another hot-handed rookie, George Irvine, scored 22 points in just 23 minutes as Virginia bolted ahead with a third-quarter point binge.

Jim Eakins and Neal Johnson each had 14 rebounds for the Squires, who had a 67-41 edge off the boards. George Lehmann, who hit six of 10 three-point field goal tries, had 30 points to lead Carolina.

All seven Utah players scored in double figures as the Stars led virtually all the way in beating Denver. The Rockets fell behind 27-15 at the end of the first period, but later rallied behind Ralph Simpson.

Denver climbed to within four, at 79-75, before Utah went on a 13-4 jag in the third period and grabbed a 92-79, never-headed lead. Willie Wise scored 28 points for the winners and Simpson had a game-high 38.

Indiana scored 11 straight

Jenkins Can't Get Into the Big Money

By THE ASSOCIATED PRESS

Ferguson Jenkins has been a 20-game winner for four straight years, but it appears the Chicago Cubs' pitching ace will have to do his thing all over again to crack baseball's exclusive \$100,000 clique.

Jenkins signed his 1971 contract Sunday for less than the six-figure salary he was seeking—despite the efforts of two attorneys who joined him in final negotiations at the Cubs' Scottsdale, Ariz., spring training base.

The Minnesota Twins, meanwhile, concerned themselves with a different form of exclusion.

points in the last 2 1/2 minutes with Freddie Lewis providing most of the fireworks. Lewis scored 36 points and Mel Daniels helped the Pacer cause with 17 points and 14 rebounds.

Larry Jones scored seven of his 33 points while bringing the Floridians to a 93 tie in the second half. But Jones' efforts could not halt the Indiana rally that later moved the Pacers from a 110-105 lead late in the game.

sion. Several black members of the team complained that the Orlando, Fla., golf club discriminated against them during the weekend.

The players said the club's pro told them they could play only with members, although some white teammates were permitted to play on their own.

The signing of Jenkins, who was 22-16 last year and worked a career high of 313 innings, left only two players—pitcher Ken Holtzman and outfielder Billy Williams—outside the Cubs' fold.

Minnesota still hasn't landed nine players, including pitcher Jim Perry, the American League's 1970 Cy Young Award winner, and outfielder Tony Oliva, one of many major league standouts angling for \$100,000 and up.

Twins boss Calvin Griffith said he has made Oliva a final offer, reportedly in the \$75,000 bracket.

Bob Howsam, general manager of Cincinnati's NL champs, took a hard line over the weekend in dealing with super catcher Johnny Bench's demand for a three-year, \$500,000 pact.

Howsam said Saturday the Reds will give Bench, the league's 23-year-old Most Valuable Player, neither a multi-year contract nor \$100,000 for

the coming season. Pete Rose and Tony Perez also are among a large number of unsigned Reds.

The world champion Baltimore Orioles said outfielder Frank Robinson has asked for a two-year contract and a pay hike over his estimated 1970 salary of \$125,000.

Harry Dalton, the Orioles' personnel director, reported no significant progress in negotiations with 24-game winners Dave McNally and Mike Cuellar or slugger Boog Powell, the American League's MVP.

The New York Yankees prepared to open camp today for pitchers and catchers without 20-game winner Fritz Peterson and catcher Thurman Munson, the AL's 1970 Rookie of the Year. Both are bidding for big pay hikes.

Pittsburgh reported all hands signed after getting contract offers from pitcher Bob Veale and shortstop Gene Alley. Veale, however, was fined \$300 for what General Manager Joe Brown called an "irresponsible approach" to negotiations.

PARKER, Ariz. (AP) — John Sanders of Waukegan, Ill., turned in an 81 m.p.h. 56-lap performance Sunday for top money in the annual Parker endurance speedboat race on the Colorado River.

Lamar Tech Almost Ruins Arkansas S.

BEAUMONT, Tex. (AP) — Luke Adams scored 24 points to lead Lamar Tech to an 82-78 Southland Conference basketball victory over Arkansas State here Saturday night.

The defeat dampened Arkansas State's SLC title hopes and now the Indians must win their next three league games to have a chance at a tie for the championship. ASU is 3-2 in league play and 12-9 overall.

Allan Pruett led the Indian attack with 22 points and John Belcher added 18. Mike Hughes added 20 for the Cardinals.

The score was tied at 36-all at halftime and the two teams battled evenly early in the second half until Arkansas State opened up a four-point advantage with 10 minutes left to play. The Cardinals began to hit from the 15 to 20 foot range on the outside and went ahead to stay with 4:39 left.

VANCOUVER, B.C. (AP) — Top-seeded Colin Adair of Montreal defeated second-seeded Peter Martin, also of Montreal, 3-0 Sunday to win the Canadian Squash Championship.

TOTAL ELECTRIC

means you must be living right.

Right on. And we'd like an opportunity to talk Total Electric about your home, whether you plan to build or add on. Because Total Electric gives you a powerful lot for powerful little.

The average cost of Total Electric Living is only 91¢ a day. We just completed a

study of more than 8,500 Total Electric homes on our system . . . small, medium and large. For some homes, the average was higher. For others, lower. But 91¢ was the average for people who wanted above average comfort and convenience.

Remember, this includes electric heating and

water heating . . . yes, ALL electric services. No wonder more and more people are turning houses into homes . . . electrically.

Graebner Is Winner of Indoor Open

SALISBURY, Md. (AP) — Clark Graebner, known as Clark Kent to his tennis colleagues, didn't resemble Super Man when he tumbled while putting away the final shot which won the \$50,000 U.S. National Indoor Open.

Graebner, who wears horn-rimmed glasses but hardly has been recognized as having mild manners, performed his miracles earlier, however. He staved off two match points by Cliff Richey in the fourth set Sunday, won 2-6, 7-6, 1-6, 7-6, 6-0, and hauled down the \$9,000 first prize.

"The reason I lost those two match points," Richey managed to joke during the awards ceremony, "was that it happened so quick the eye didn't see it—but Clark put his cape on in the middle of the point."

Later, away from the crowd and in the presence of newsmen, the 24-year-old Richey wept as he thought of his second successive runner-up finish in the National Indoor Open—both times after mugging two match points.

Last year, winner Iie Nastase of Rumania was serving when Richey faltered. But this time, the nation's No. 1 player was serving with a 4-3 lead in the nine-point tiebreaking game of the fourth set, then tied 6-6 in games.

"I had been waiting for that moment for 365 days," Richey said, after being consoled by his father, George Richey. "I thought I had the ball put away, but I didn't hit it quite hard enough the first time and the second one I didn't place correctly."

Richey referred to a pair of overhead slams, which Graebner retrieved against the back retaining net, eventually forcing a Richey backhand error.

With still another chance to close out the match, Richey served at 4-4 but sent another backhand volley into the net and Graebner was on his way.

The 27-year-old Graebner, a villain in Salisbury last year because of a temper outburst but now supported by the crowd, then swept the final set at love while yielding Richey just seven points.

"By that time, he had the momentum and I got a little bit tired," Richey said. "It was as simple as that. But there's no way I should have lost."

Graebner, ranked No. 4 in the nation and second to Richey's top domestic seeding in the tournament, also won a sudden death playoff in the second set—again at 5-4 with Richey serving the final three points.

Earlier in the second set, Graebner fell behind 0-40 while serving before rallying to prevent a break and go ahead six games to five.

Richey hurt his right thumb in a fourth set fall and tore a big patch of skin off his right big toe which sent blood through his sock, but he said neither injury affected his performance.

Juan Gisbert and Manolo Orantes of Spain, seeded No. 2, won the doubles and shared the \$2,000 prize, staving off a match point in the 10th game of the third set to beat Graebner and Thomaz Koch of Brazil, the No. 3 seed, 6-3, 4-6, 7-6.

Graebner, who won \$500 in doubles, noted that he has now won national championships in clay, hardcourt and indoor play—missing only the grass title. "The only one I haven't won is Forest Hills," he said. "Maybe I can do something about that this year."

DR. LAWRENCE E. LAMB

Hope for Heavy Drinkers

By Lawrence Lamb, M.D.

Dear Dr. Lamb—Can you tell me if there is anything in the line of medicine or pills I could take? When I don't drink anything with alcohol in it, I almost go wild. I can get along fairly well for two days; it seems then I just must have something, I am trying so hard not to drink.

Dear Reader—Yes, there is. If you have been drinking a lot, sudden withdrawal of alcohol can cause trouble. A good example is delirium tremens with hallucinations and severe reactions. You will need a doctor's help. Even heavy drinkers can be helped if they really want to quit.

If you are drinking a lesser amount it is possible that you are using it as an emotional crutch. In selected cases certain tranquilizer drugs have proved to be useful and help people to shake the alcohol habit. Some people drink because they are depressed and they need still other medicines. The important point is that you CAN be helped. Your doctor is the right person to help you.

Dear Dr. Lamb—My husband has started waking up at 4 a.m. and having trouble going back to sleep and I would appreciate your telling me what could be done to help him get a full night's sleep. He is 36 and in good health. He usually has a drink before dinner or wine with dinner and drinks beer later in the evening (in moderation). He is tall and lean and does not get much exercise but spends most of his time working at his office as an administrator with the amount of tension that entails. Is his sleeplessness the result of tension or could it have an organic root?

Dear Reader—Unless your husband is being awakened by pain which you don't suggest, it is probably related to anxiety or tension. It is true that job tension, and for that matter home ten-

LEGAL NOTICE

IN THE CHANCERY COURT OF HEMPSTEAD COUNTY, ARKANSAS NEHEMIAH HILL, SR., ET AL, PLAINTIFFS VS. NO. 9418 RICHARD NELSON AND MARJORIE NELSON, DEFENDANTS

WARNING ORDER

THE following Defendants hereinafter named, are hereby warned to appear in this Court within thirty (30) days and answer the complaint of the Plaintiffs: Rowena Muldrow, granddaughter of Grandison Muldrow, deceased, Dorothy May Muldrow Atkins, widow of Gaston Muldrow, son of Grandison Muldrow, deceased, and the two minor children of Dorothy May Muldrow Atkins and Gaston Muldrow, AND ALL OF THE UNKNOWN HEIRS AT LAW OF GRANDISON MULDROW, DECEASED. These Defendants are warned upon their failure to appear in this Court and answer the complaint of the Plaintiffs within thirty (30) days, that said complaint will be taken as confessed.

sion, can cause sleeplessness. You might take a vacation and see how he gets along away from the office environment. Regular exercise at the end of the day does wonders for working off the frustrations and anxieties of the office. It is a lot better than alcohol for the health and often aids in getting adequate sleep. Don't overlook the adverse effects of coffee which stimulates nervousness. The same applies to cola drinks. If a few simple changes don't resolve the problem, your husband should see his doctor and get some help in coping with his tensions before matters get worse.

Only 7 per cent of the physicians in the United States are women. In the U.S.S.R. three out of four physicians are women. In England the ratio is one out of six. I noted with amusement that one Chicago lady doctor in the women's liberation movement is going to be in a position to strike a real blow for women. She is taking additional training to perform a variety of operations on men.

Jim: "Weak two-bids have been a part of standard American expert bidding for 20 years. They are very effective and can be made so simple that anyone can learn to use them successfully."

Oswald: "In JACOBY MODERN we use the opening bids of two spades, hearts and diamonds to show from 7-10 points in high cards and a six-card suit headed by at least two of the four top honors. In other words the sort of hand that would normally be passed."

Jim: "It is far safer to open these hands than to pass them and back in later. It is even worse to pass them and never show your suit at all."

Oswald: "We give up the strong two bids in these suits, but we lose nothing since two clubs can be used to cover all strong two bids."

Jim: "South has a classic minimum weak two-spade bid with his eight high-card points. North's two no-trump response is forcing and South rebids three spades to show that his hand is in the minimum range. With 9-10 high-card points, South would bid a new suit to show a maximum. North had some slam interest when he bid two no-trump but he now has a picture of his partner's hand. Five points in spades and at best one king on the side. Slam is out of the question, but game should be there."

Oswald: "North's king of hearts is topped by East's ace at trick one. East's best defense is to shift to a trump at trick two. South can't afford to pull trumps right now and should simply play a low diamond from both hands. After this the best defense can do is to take a second heart trick and hold South to his contract."

LITERALLY A SUPERBOWL, what looks like a giant stadium is actually the antenna mirror base of the world's largest radio telescope at Muensterfeld, West Germany. Measuring nearly 330 feet in diameter, the parabolic mirror can be turned and tilted in all directions and at all angles.

Protection Offered to Poultrymen

Protection is offered broiler growers in their dealings with processors by adoption of poultry industry regulations by the Packers and Stockyards Administration of U.S. Department of Agriculture.

The regulations became official when published in the Federal Register. They have been in the process of formulation since mid-1970.

According to Randolph Webb of Mineral Springs, chairman of Arkansas Broiler Grower Service, a bargaining affiliate of Arkansas Farm Bureau, authority for P and S to enforce the regulations is welcomed by broiler producers. Webb was a member of a 22-man advisory committee which drew up the regulations.

The object is to provide guidelines for poultry processors and other handlers on record keeping, contracting, weighing and accounting to growers.

Major requirements include: Furnishing growers copies of grow-out contracts, specifying duration, terms and time final payment is to be made; Making available settlement sheets containing all information for computing payment; Issuing to growers copies of official USDA condemnation certificates; Giving growers copies of grouping or ranking sheets showing the actual figures on which ranking is based; Preparing invoices for sellers in live poultry sales; Keeping records and documents relating to transactions; A prohibition against misleading reports concerning the poultry market; Permission for authorities to examine and copy records; A guarantee against divulging information regarding the business of a processor or handler; Assurance of accurate weights; Testing and adjustment of scales; Issuance of scale tickets containing full information on loads of products weighed; Hiring of competent scale operators; Reweighing; and Recording time of weighing.

Webb said giving official status to the rules will make for standardization within the industry. Up to now some poultry companies performed most of the services for growers, some performed a few of them, and a few have been reluctant to institute any of them.

Now the companies can comply without feeling they are at a competitive disadvantage, Webb commented.

The P and S Administration, a regulatory branch of the Department of Agriculture, was set up to enforce, through penalties, standards set up by the department. It has long policed livestock marketing and processing. This is the first time its authority has been extended to the poultry industry.

Webb stated that the Department of Agriculture received over 2,000 letters from poultry producers across the broiler belt and almost 800 letters from producers in Arkansas in favor of the regulations. Webb said that if it had not been for the work and activities of poultry producers that the regulations would not have been adopted.

STRONG NORTH (from page one)

hilltop patrol base six miles inside Laos after 298 of the battalion's 450 men had been killed or wounded in a three-day siege. The survivors carried 108 wounded with them but left behind 130 dead comrades and 60 other wounded to fend for themselves.

Another ranger base a mile away, also under siege since Thursday, was still holding out today under rocket and mortar fire. But a U.S. helicopter got in to lift out an American helicopter crew chief, Dennis Fujii of Hawaii, who was stranded at the other base last Thursday and manned a radio to direct U.S. air strikes against the enemy positions. Fujii was reported wounded slightly.

A South Vietnamese spokesman at Quang Tri, a rear base for the Laotian operation, claimed Saigon forces in Laos killed 63 North Vietnamese in a series of clashes north and south of Highway 9 Sunday and today. He said 11 South Vietnamese were killed in these clashes.

The U.S. Command announced the loss of two more helicopters to enemy anti-aircraft fire in Laos, and said four of the American crewmen were missing and two were wounded. South Vietnamese headquarters announced its third helicopter loss but said there were no casualties.

Federated Church of Christ Meeting The Anna Strong Club held its monthly meeting in the home of Mrs. Veronica Phillips on Friday night February 19, 1971.

Eleven members were present, and "Secret Pal" names were pulled. Committee reports were made, and plans were made for the upcoming District meeting which will be held in Camden, Ark. Tentative plans were also discussed for the sponsoring of a series of activities for the Junior Anna P.

Strong Club.

The hostess served a delectable buffet dinner. Two visitors were present, Mrs. Naomi Tins and Mrs. Birt Robinson, sisters of Mrs. Gladys Golston and Mrs. Phillips, respectively.

The next meeting will be held at the home of Mrs. W. V. Rutherford.

Funeral services for Frank Carter will be held at the New Bethel Baptist Church Tuesday February 23rd, at 2:00 p.m. with burial in Giles cemetery under the direction of Hicks Funeral Home, Inc.

Few Care About Population

NEW YORK (AP) — Prince Philip says "the conservation-minded population is a very small portion of the world's populations. The remainder couldn't care less."

The husband of Queen Elizabeth II said another difficulty in the fight against pollution is that "you can't preach industrial development for 20 years and then suddenly turn around and say, 'Now hold on, be careful what you're doing.'"
